### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on December 3, 2003 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest two face sheets and two adhesive layers, one on each side of the release liner; that a face sheet has multiple labels and each label has a leading-edge tie; and that a face sheet has more than three labels with each labels having at least two ties of less than 1 mm length. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
